• MIT Academy of Engineering, Alandi, Pune • Savitribai Phule Pune University

PROFESSIONAL SUMMARY

Motivated and detail-oriented first-year Computer Engineering student at MIT Academy of Engineering, Alandi, with a strong foundation in C, C++, Python, and SQL. Passionate about solving real-world problems through logical thinking and clean, efficient code. Holds multiple industry-recognized certifications from NASSCOM, Cisco, and Anthropic — reflecting a proactive commitment to continuous learning. Eager to apply academic knowledge to practical projects, including a self-developed Hostel Management Website, and grow through meaningful industry exposure.

EDUCATION

B.E. Tech – Information Technology (First Year)

2025 – 2029 (Expected)

MIT Academy of Engineering, Alandi

- **Entrance Exams:** MHT-CET: 92.23%ile | JEE Main: 83%ile
- **12th Standard (HSC Board)** — 76%
- **10th Standard (SSC Board)** — 100%

TECHNICAL SKILLS

Programming Languages

C | C++ | Python | SQL

Core Concepts

Data Structures | Algorithms | OOP | Problem-Solving

Tools & Platforms

VS Code | GitHub | MySQL

Soft Skills

Logical Thinking | Teamwork | Analytical Reasoning

PROJECTS

Hostel Management Website *HTML | CSS | JavaScript | Python (Flask) | SQL | 2025*

- Designed and developed a full-stack web application to manage hostel operations including room allocation, student registration, and fee tracking.
- Built a responsive front-end with HTML/CSS and integrated it with a Python Flask back-end for seamless CRUD operations.

Student Grade Calculator *Python | 2025*

- Developed a console-based Python application to compute and display student grades across multiple subjects using conditional logic and functions.
- Implemented input validation and formatted output to handle edge cases and deliver a clean, readable user experience.

CERTIFICATIONS

- NASSCOM Python Certification — Foundation-level Python programming and problem-solving skills.
- Cisco Networking Certification — Core concepts in computer networks and IT infrastructure.
- Anthropic AI Course Certification — Fundamentals of AI systems, large language models, and responsible AI usage.

ACHIEVEMENTS & ACTIVITIES

- Earned three industry-recognized certifications (NASSCOM, Cisco, Anthropic) within the first year of the engineering program.
- Participated in college-level coding workshops, technical seminars, and AI awareness sessions.
- Self-initiated development of a Hostel Management Website, applying full-stack concepts learned through self-paced study.
